AUTOMATION ANYWHERE

AUTOMATION
ANYWHERE

TABLE OF CONTENTS

1. INTRODUCTION

- *RPA And Why Automation Anywhere*
- *Introduction To Automation Anywhere*
- *Understanding The Features and Benefits*
- *Automation Anywhere Architecture And Components*
- *Explanation Of Bot Creator And Bot Runner*
- *Automation Anywhere Editors*

2. CONTROL ROOM AND DASHBOARD

- *Introduction Of Control Room*
- *Control Room Features*
- *Viewing Task Relevant Activities In Dashboard*
- *The Dashboard*
- *User Management In Control Room*
- *Create An User*
- *Managing The Repository*
- *Running And Scheduling The Task In Control Room*
- *Creating Schedule*
- *Deleting Schedule*

TABLE OF CONTENTS

3. CONTROL ROOM SETTINGS

- *Introduction To Automation Anywhere Client*
- *Panel For Task-Relevant Activities*
- *Synchronization Between Client And Server*
- *Installing Automation Anywhere*
- *Running Automated Task*
- *Clipboard*

4. BASIC

- *Variable Operation*
- *String Operation*
- *If/Else*
- *Looping*
- *Mouse Click Details*
- *Keyboard Usage Details*
- *Comment*
- *Play Sound*
- *Clip Board Operations*
- *Printer*
- *Prompt*
- *Wait*
- *Running Automated Task*

TABLE OF CONTENTS

5. WINDOWS AUTOMATION

- *Create And Delete File*
- *Create And Delete Folder*
- *File Transfer Protocol*
- *Window Actions*
- *Log To File*
- *Manage Windows Controls*
- *Object Cloning*

6. WEB AUTOMATION

- *Web Recorder*
- *Launch Website*
- *Send Email*
- *Internet Connection*
- *SOAP Web Service*
- *REST Web Service*

7. EXCEL AUTOMATION

- *Read from CSV/Text*
- *Excel commands*
- *Log to CSV/Text*
- *Loop Commands*
- *Data Extraction/Input (CSV and Text file)*

TABLE OF CONTENTS

8. DATABASE OPERATION

- *Database Connectivity*
- *Connect*
- *Disconnect*
- *SQL Query*
- *Run Stored Procedure*
- *Active Directory*

9. ADVANCED FEATURE

- *Error Handling*
- *Image Recognition*
- *Screen Capture*

10. INTEGRATIONS

- *App Integration*
- *OCR*
- *Email Automation*
- *Terminal Emulator*
- *PDF Integration*
- *Citrix Automation*
- *SAP Integration*

TABLE OF CONTENTS

11. ADDITIONAL FEATURES

- *XML*
- *Security – PGP*

12. METABOTS AND IQBOT

- *Concept And Working Of Meta Bots And IQ Bots*

13. LIVE PROJECT

BLUE PRISM

blueprism®

TABLE OF CONTENTS

1. INTRODUCTION

- *Introduction to RPA and RPA Tools*
- *Introduction to Blue Prism*

2. INSTALLATION & CONFIGURATION

- *Blue Prism Installation Pre-requirements*
- *Download Learning Edition*
- *Install & Configure Blue Prism*
- *Blue Prism User Interface (UI) Overview*

3. PROCESS STUDIO

- *What Is Process Studio?*
- *Running A Process*
- *Basic Skills*
- *Process Validation*
- *Decision Stage*
- *Anchor Stage*
- *Choice Stage*
- *Collection Stage*
- *Loop Stage*
- *Calculation Stage*
- *Data Items*

TABLE OF CONTENTS

4. PROCESS FLOW

- *Decisions*
- *Circular Paths*
- *Controlling Play*
- *Set Next Stage*
- *Breakpoints*
- *Collections and Loops*
- *Layers of Logic*
- *Pages for Organization*

5. INPUT AND OUTPUT PARAMETER

- *Input Parameters*
- *Stepping & Pages*
- *Data Item Visibility*
- *Data Types*
- *Output Parameters*
- *Start-Up Parameters*
- *Control Room*
- *Process Outputs*

TABLE OF CONTENTS

6. BUSINESS OBJECTS

- *What Is Business Objects?*
- *Action Stage*
- *Inputs & Outputs*
- *The Process Layer*

7. OBJECT STUDIO

- *What Is Object Studio?*
- *Creating Business Object*
- *Application Modeler*
- *Spying Elements*
- *Creating Business Object*
- *Attribute Selection*
- *Launch*
- *Wait*
- *Timeouts*
- *Terminate*
- *Write*
- *Press*
- *Attach & Detach*
- *Read*
- *Actions*
- *Action Inputs & Outputs*
- *Data Items As Inputs*

TABLE OF CONTENTS

8. EXCEPTION HANDLING

- *What Is Exception Handling?*
- *Exception Stages*
- *Recover & Resume*
- *Throwing Exceptions*
- *Preserving The Current Exception*
- *Exception Bubbling*
- *Exception Blocks*

9. CASE MANAGEMENT

- *Queue Items*
- *Work Queue Configuration*
- *Defer*
- *Attempts*
- *Pause & Resume*
- *Filters*
- *Reports*

TABLE OF CONTENTS

10. ADDITIONAL FEATURES

- *Safe Stop*
- *Collection Actions*
- *Choice Stage*
- *Logging*
- *Log Viewer*
- *System Manager*
- *Process/Business Object Grouping*
- *Process and Object References*
- *Export & Import*
- *Release Manager – Packages & Releases*

UIPATH

TABLE OF CONTENTS

1. INTRODUCTION

- *Introduction To RPA and RPA Tools*
- *Introduction To UiPath*

2. COMPONENTS OF UIPATH

- *Introduction To UiPath Studio*
- *UiPath Robot*
- *UiPath Orchestrator*
- *Working With Variables*
- *Managing Control Flow*
- *Desktop, Web & GUI Automation With UiPath*

3. USER INTERFACE AUTOMATION

- *The Process To Automate UI*
- *Automated Tasks Configuration*
- *Various Variables*
- *Output Viewing*
- *Arguments*
- *Importing The Packages*

TABLE OF CONTENTS

4. UIPATH BUILDING BLOCKS

- *Installation & Activation*
- *Interfaces*
- *Different Types Of Workflows*
- *Managing Packages*
- *Reusing Library*
- *UiPath Extension*
- *Source Control*
- *Activities Guide*
- *Workflow, Control Flow, Sequences*
- *Flowcharts*
- *State Machines*

5. DIFFERENT ACTIVITIES

- *Assign Activity*
- *Delay Activity*
- *Do-While Activity*
- *If Activity*
- *Switch Activity*
- *While Activity*
- *For-Each Activity*
- *Break Activity*

TABLE OF CONTENTS

6. VARIABLES

- *Introduction & Managing Variables*
- *The Variables Panel*
- *Generic Value Variables*
- *Text Variables*
- *True Or False Variables*
- *Number Variables*
- *Array Variables*
- *Date & Time Variables*
- *Data Table Variables*

7. PROGRAMMING ACTIVITIES USING DATA TABLE

- *Understand Programming Activities Using Data Table*
- *Learn Data Table Structure*
- *Comprehend Searching Method*
- *Data Table Activities*
- *Create An Environment & Associate Workflow*
- *Understand Creation Of Collection*
- *Know About Sequence & Flowchart*
- *Assimilate Send Get & Read Email Message*

TABLE OF CONTENTS

8. RECORDING WITH UIPATH

- *Recording Introduction*
- *Recording Types*
- *Automatic Recording*
- *Manual Recording*

9. EXCEL AND DATA TABLES

- *Data Manipulations*
- *Excel Automation*
- *Data Tables*

10. UIPATH CODING & DEBUGGING

- *Introduction To Programming*
- *Debugging & Handling Of Exceptions*
- *Detailed Understanding Of Programming activity*
- *Handling Of Errors*

TABLE OF CONTENTS

11. SCRAPING

- *UI Elements*
- *Screen Scraping Methods*
- *About Web Scraping*
- *About Data Scraping*

12. IMAGE AND TEXT AUTOMATION

- *What Is Image & Text Automation*
- *Mouse & Keyboard Activities*
- *Guides/Text Activities*
- *Guides/OCR Activities*
- *Image Activities*
- *Mouse & Keyboard Automation*
- *Text Automation*
- *OCR & Image Automation*

13. EXCEPTION AND DEBUGGING

- *Exception Handling*
- *Logging*
- *Debugging*
- *Tracing*

TABLE OF CONTENTS

14. MAIL AND PDF

- *PDF Data Extraction*
- *Email Automation*

15. CUSTOM COMPONENT & CODE STAGE

- *Custom Component Development*
- *Component Deployment*
- *Accessing Robots Using WCF Web Services*

16. DATABASE

- *Connecting With Database*
- *Executing Query With Database*

17. CITRIX AUTOMATION

- *Citrix Automation*
- *Advance Citrix Automation*

TABLE OF CONTENTS

18. UIPATH ORCHESTRATOR, FRONT + BACK OFFICE ROBOTS

- *Orchestrator Overview*
- *Orchestrator Hosting*
- *Robots Hosting*
- *Processing Hosting*
- *Process Monitoring*

19. LIVE PROJECT
